DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 4, line 1, "The antenna apparatus" is changed to --An antenna apparatus--.

Allowable Subject Matter

2. Claims 4-17 are allowed (Claims 1-3 are canceled by Applicant).
3. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 4-6 and 17 is the inclusion of the limitation of the pair of J shaped elements are patterned onto the circuit board in a clockwise direction, wherein, a first J shaped element is starting to the left and a second J shaped element is starting to the right of the quarter-wave sleeved balun and coaxial cable feed assembly. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

The primary reason for the allowance of claims 7-12 is the inclusion of the method step of forming the second section of said plurality of dipole antenna elements as a pair of J shaped elements that are patterned onto the circuit board in a clockwise

direction, wherein, a first J shaped element is starting to the left and a second J shaped element is starting to the right of the quarter-wave sleeved balun and coaxial cable feed assembly. It is this step found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

The primary reason for the allowance of claims 13-16 is the inclusion of the method step of creating a circuit board comprising a dielectric substrate and inductive and capacitive elements are in series with a pair of J shaped elements. It is this step found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
